Urban Urgency: Food Policy at Play

– Sharing Insight Into What Works

A living policy lab defining how cities of the future will expedite the impactful changes to consumption patterns that we so urgently need.

Pitchers – Pitching new ideas for urban food policy

- Dr. Christina Tirado – Director of International Climate Initiatives at the Center for Urban Resilience, Loyola Marymount University, USA
- Joan Krajewski – General Manager of Compliance, Safety and Sustainability at Microsoft
- David Pedersen – Campaign Manager, ProVeg Germany

Catchers – Catching new ideas and assessing their future applicability

- Jisun Hwang – Senior Climate Advocacy and Policy Officer based at the ICLEI – Local Governments for Sustainability World Secretariat
- Dr. Tania Osejo – Climate Adaptation Specialist at the World Food Programme
- Gunilla Elsässer – Director of Food, Climate & Energy at WWF Sweden

Moderator

Dr. Afton Halloran – Freelance consultant in Sustainable Food Systems Transitions
