

Cities & Regions Pavilion

6 – 17 November 2017 • Bonn Zone @ UNFCCC COP23, Bonn, Germany

What do African local governments need to be able to contribute to the NDCs?

Date: Thursday, 09 November 2017

Time: 10:30 – 12:00

Organized by: ICLEI Africa and South African Local Government Association (SALGA)

Session type: Panel Discussion

Level of access: Open

Session description:

The impact of climate change is felt the strongest in growing economies, indicating the need for adaptation and resilience. The financing of resilient solutions is however a concern, and although the Paris Agreement recognizes the need for financial support, the “how” and “what” still needs to be unpacked in the implementation guidelines, also known as the “rulebook”. This links to the concern of access to finance, that is restricted in African cities.
