

## Cities & Regions Pavilion

6 – 17 November 2017 • Bonn Zone @ UNFCCC COP23, Bonn, Germany

### Future Energy Scenarios for African Cities

**Date:** Thursday, 09 November 2017

**Time:** 12:00 – 13:30

**Organized by:** ICLEI Africa and EU Energy Initiative Partnership Dialogue Facility (EUEI PDF)

**Session type:** Panel Discussion

**Level of access:** Open

#### Session description:

This panel discussion will focus on unpacking the megatrends that will shape the future of African cities. It is based on a report that presents scenarios and policy choices, with four specific examples of successful energy and climate action including both private and public sector led initiatives.

This session will present the outcomes of the energy scenarios for sub-Saharan African cities and coordinate an interactive discussion around the three identified models for action. It will include a brief introduction followed by input from the panel, with a Q&A session from the floor.
