Organized by: ICLEI East Asia, ICLEI Japan, ICLEI Kaohsiung Capacity Center and ICLEI Korea

Session type: Panel Discussion and Presentation(s) with Question and Answers

Level of access: Open

Session description:

East Asian cities have been taking transformative actions to move forward to become climate resilient and sustainable cities by embracing various solutions through global, regional and local cooperation with support from ICLEI offices in the region.

This session will present local actions and new initiatives of East Asian cities from China, Chinese Taipei, Japan, Korea and Mongolia to tackle climate change and contribute to Paris Agreement in the areas of energy transition, local resilience, ecomobility, etc. In addition cities will highlight importance of city-to-city cooperation to bring bold actions for climate mitigation and adaptation.
